

## HISTORY OF OUR PLAN

For years we've dealt with numerous dental plans and we've seen firsthand the lack of benefit for procedures that you need for optimal dental health. In some cases, DR DDS of Montclair has completed mountains of paperwork and spent countless hours on the phone to get basic procedures covered for our patients.

Typical dental plan maximums, maximums of \$1000 and \$1500 were set back in the 70's and haven't been increased since! As we searched for alternatives to traditional dental plans, we found a unique model started by and used in the medical community. Following those basic guidelines, we developed the DR DDS of Montclair Healthy Lifestyle Program - a patient friendly alternative to expensive and restrictive dental plans.

The DR DDS of Montclair Healthy Lifestyle Program is a solution for our patients who lack dental benefits or are looking for an alternative to their existing dental plan. You benefit by receiving top-notch dental care at a reduced fee, with no maximum, no deductible or waiting periods and no exclusion for pre-existing conditions.

The DR DDS of Montclair Healthy Lifestyle Program saves you money by including your preventive care visits (3, 4 or 6 months as prescribed) and reducing those instances of emergency care and extensive, expensive dental treatment.

Enroll in the DR DDS of Montclair Healthy Lifestyles Program - Tier 1, Tier 2 or Tier 3 and start saving money today!

## PAYMENTS

Payment for the annual membership must be paid in full at the time of enrollment.
